Those Dimocratic organs that have been chuckling over the alleged discomflute of Speaker Reed will now begin to wonder the Committee on Coinege was not only right, but it so admitted by his Descontile predecessor, now Beaster Carlisle, who mankly told his party friends that their county total my purry transact court court on ourse was wrong. Whether its figures or to the needed of Duttoopals who are really opposed to allow fidulation are opered; we do not know, 'but 'the fast remains-that the split Duttooratio vote was thrown for R—a record that will be found deser-what difficult of explanation. The partic-niar point to which we wish to direct at-tention, however, is the bigut ground that the Damogratic Congression are willing to waste two whole siys of the people's time simply to "emberrate the Republi-cans" and this too is upte of the admitted fact on the Democratic as well as the Republican side of the House that the present a reference of the bill was (absolutely correct. This is statementally of a high order. The country once more has occasion to feel proud of the ludomitable figurals was prevides over the florest.
